

BBtJ.Org and its staff are leveraging technology to reach the unsaved and church burned. Also as Missionaries to America, partnering with individuals, home groups and churches to bring back the joy of "true relationship" with our Creator.

BBtJ.Org Mission Statement:

Inspire everyone to achieve true joy through personal relationship with our Creator.

John 15:9-12 - NLT

Bring Back the Joy Vision Statement:

BBtJ.Org will further the Gospel online through teaching, resources, interaction, and personal example, as well doing all these things in face to face interaction.

Acts 1:8 - NLT

BBtJ.Org utilizes the power of technology and the internet to reach individuals around the world. Why let evil dominate this arena; Good can make so much better use of it!

Our Goals are:

1) Informing, uplifting and educating people to **Bring Back the Joy** into their lives by accessing and using the BBtJ.Org website and the internet as a resources, providing valuable content and pointers for an empowered fulfilling of Jesus' primary commands as found in Luke 10:27 and Matt 28:19-20.

2) Evangelizing Truth and Faith by fostering group interaction so that people support and encourage one another online, and in person where possible. Discussing beliefs in light of God's Word the Bible, and experience.

3) Traveling to visit with, enlighten and encourage groups that God has brought together. We wish to visit face to face to share all God wants to provide through us. And to learn whatever God wants us to receive from others as we serve them.

As for Us and our Bus, we will serve the Lord.

Joshua 24:15 – KJV

We are interested in:

- a) Online and in person presenting information gleaned from our own experience, and that of others which we believe can help. This includes positive relationships with and pointers to other beneficial ministries.
- b) Online and in person assisting in all areas of life as they relate to Joy. We prefer to focus toward and build on commonality and community, avoiding strife. When this is achieved, then disciples have a wonderful and Joyful life--others around them see, wonder and want whatever they have as well.
- c) Online and in person working with and helping those interested in forming local focus groups to study, share and network together. We seek to complement, not conflict with one's choice of church.
- d) Online and in person helping these groups to reach out into their communities to help bring Joy to everyone around them. One way we do this is by facilitating communications and resources between them online.

We communicated for over 5 years online before we ever met in person.-- **Brenda Peterson.**

Mark and Virginia have an infectious exuberant love for the Lord that is quite unique to them. I have been greatly blessed by their fellowship over the past few years. Both offer a wealth of practical administrative skills to ministry, especially in the areas of business and advanced technology. -- **Pastor Larry Romero, Foundations of Faith Ministries**

We want to give a special Thank You to Mark and Virginia for putting our Audio CDs on the web. Mark and Virginia reach a wide circle of people with the Love of Christ and are living testimonies of God's Grace and Love. They are constantly introducing new people to a practical message of God's Life and Love. -- **Pastors Lawson and Barbara Perdue, Charis Christian Center**

Both Mark and Virginia are Disciples of Jesus, and believe that the message should be presented on a level that reaches the heart of the listener. One approach does not reach all. They are licensed ministers of the Gospel by Andrew Wommack Ministries and Charis Bible College.

These things have I spoken unto you, that my joy might remain in you, and that your joy might be full. -- Jesus

John 15:11 - KJV

Message from Mark & Virginia

The journey into Joy is the point of Bring Back the Joy. We have found that getting and keeping Joy is simultaneously very simple and a challenge. Why? Because this way of life requires dropping old habits and beliefs that have betrayed us, and by steps, replacing them with the real thing instead. It's not about faking it; that's not true Joy. We don't yet walk perfectly in "The Way". But we are far more joyful, far more consistently, now than just a few years ago. And things are getting better every day.

Being Rich will not make you Joyful, but being Joyful can make you Rich!

It's wonderful to be alive!

Bring Back the Joy!

In this world overwhelming numbers of people are beaten down and defeated, successful but empty, young and hopeful but powerless, or old and cynical. This does not have to be! It's not what our creator intended! We (although not as old as some) have been all of these.

Come along with us on our Journey into Joy!
